Best Doe in Show

*** Cloverbud Policy-
NEW JERSEY 4-H PROGRAM POLICY
NEW JERSEY 4-H CLOVERBUD POLICY
(formally 4-H Prep)**

The New Jersey 4-H Youth Development Program includes programming for children in kindergarten through third grade (K-3), known as 4-H Cloverbud members. Following the policies established by National 4-H Headquarters, the NJ 4-H Youth Development Program recognizes that 4-H Cloverbuds programs require age-appropriate components based on developmental abilities and needs, and that programs should be activity-focused and not project focused. The 4-H Cloverbuds program is designed to introduce youth in K-3 to the wide variety of 4-H project experiences which are available to them upon reaching 4th grade.

The New Jersey 4-H Cloverbud Program is designed to provide K-3 youth with age-appropriate experiential learning activities in a small club setting. 4-H Cloverbuds members will:

- Learn to get along with others.
- Explore a variety of interests through hands-on activities.
- Build self confidence through healthy experiences.

4-H Cloverbud membership is open to all youth in grades K-3. These youth may be registered members of a 4-H Cloverbud Club or a standard 4-H Club (with assigned, registered volunteers trained in the Cloverbud philosophy and curriculum). Parents and/or 4-H Teen Leaders may assist under direct supervision of registered volunteers. 4-H Cloverbud meetings should focus on fun, active, hands-on learning experiences available from approved curriculum through the County 4-H Office. No formal business meeting should take place.

Recognition and Competition: The focus of recognition for the 4-H Cloverbud Program is participation. 4-H Cloverbud members may receive participation ribbons, certificates and other appropriate 4-H recognition that encourages continued involvement. The recognition needs to be in scale with the accomplishment, both within the 4-H Cloverbud Program and compared to recognition received by standard 4-H club members for their accomplishments.

The 4-H Cloverbud Program is a non-competitive program. There is NO judging or evaluation, including judging against set standards or against other participants, either individually or for a group effort. There can be special comment forms used for the Cloverbud members instead of numerical score sheets. Such forms should be used for positive feedback with suggestions for improvement rather than critical comments.
